

CUMBERLAND COUNTY FACILITIES COMMITTEE  
MARCH 17, 1994, 8:00AM

PRESENT: Chairman Tom Bacote  
Commissioner John Keefe  
Commissioner Billy R. King  
Cliff Strassenburg  
Danny Higgins  
Marsha Fogle

The meeting was called to order.

Although not an agenda item, the Committee members asked for an update on the Coliseum project.

Mr. Strassenburg noted that the Coliseum Project Committee continues to work. He said that one of the decisions that will need to be made is whether or not to tear down the old arena. He noted there seemed to be some sentiment to keep the old building. He pointed out that the old building will not be useable because of ADA regulations, and it would not seem reasonable to keep it. The consensus of the Committee was that the arena should be torn down. It was also noted that the Auditorium would remain. The Committee also discussed briefly the number of seats for the new complex. Mr. Strassenburg said the Committee was looking at a 12,000 seat complex. Commissioner King said he thought it should be 15,000 seats. It was noted there is not enough money to make it that large.
