For multi-family developments, sidewalks shall be provided along the building side of the off-street parking area in addition to other sidewalk requirements of this ordinance.

~~b. For existing residential subdivisions or developments, if a sidewalk exists along the same side of the street abutting the new development or redevelopment of a principal structure, including situations where a principal structure is destroyed by more than 50%, regardless of distance away from the proposed development, a sidewalk shall be required along the lot to be developed; if no sidewalk exists on the same street side, payment of a fee in lieu of sidewalk construction shall be mandatory as regulated in sub-section (b) of this section.~~

c. The area to be subdivided or developed is too small for the construction of sidewalks or walkways to be practicable.

(2) *Procedure for approval.* The payment of such fees in-lieu shall be reviewed and approved as part of the subdivision or development application submittal. A sidewalk or walkway easement shall be included on the plan in the general area where a sidewalk or walkway would have been built had the fee in-lieu not been paid. school. The request to pay the fee in lieu must be attached to the plan application, in letter form and include an itemized estimate of the expected costs of sidewalk construction sealed by the developer's engineer or other qualified licensed professional. At the meeting in which the plan approval occurs, the Board of Commissioners shall also consider the request for the payment in lieu of installing the sidewalk. If the letter requesting payment in lieu of sidewalk construction is submitted on a date after the date the application is submitted, a new and separate fee equal to one-half of the original subdivision/development submittal fee shall be charged.

(3) *Time of payment.* The fees in-lieu of sidewalks shall be paid prior to the building final inspection and/or approval of each phase of the subdivision or development submitted for final plat approval as directed by the Board of Commissioners.

ARTICLE XV  
PLANNED DISTRICTS**

**Sec. 102A-1501. General objectives.**

This article recognizes that through ingenuity, imagination, and quality design community development can be improved. All development in any planned zoning district shall be subject to site plan review and approval prior to application for any permits. The careful review of development plans by the town and county planning staffs is a process that will:

- (e) Enhance the appearance of the community.

**Sec. 102A-1502. Detailed site plan specifications.**
