

FUTURE OF CUMBERLAND MONTH

Do you want to help shape the future growth of Cumberland County? Attend a special citizen input meeting in your area.

The process of creating a Joint Growth Vision Plan has begun.

Cumberland County and all of its municipalities have begun the process of preparing a Joint Growth Vision Plan. When adopted, this unprecedented plan will be the official local policy guide for managing growth in our area. It will take about 18 months to complete. To lead the effort, a special Growth Vision Task Force has been appointed, made up of elected officials and planning board members from throughout the area. But the Task Force needs your input **before recommendations are made**. That's why we're holding a number of special meetings around the county as early as possible in the planning process—to hear your ideas **now** so that we may take them into consideration **as the plan is being developed—not after it's all done**.

Why you should attend one of these important meetings.

If you have an interest in the way in which Cumberland County is to grow and prosper in the coming years, it is critical that you attend one of these meetings. Whether you operate a business, own a home or other property, or want to make a better place for your children or grandchildren, your input is needed. Ideas voiced at these meetings will be a major factor in preparing the 2030 Growth Vision Plan. And, ultimately, the plan will have an impact on future development, economic growth, environmental quality, transportation, agriculture, open space and other matters of importance. You won't want to miss this chance to voice your concerns or just listen in!

Attend a citizen input meeting in your area:

NORTH FAYETTEVILLE

Tuesday, September 13
College Lakes Recreation Center
4945 Rosehill Road

FAYETTEVILLE

Wednesday, September 14
Smith Recreation Center
