### Can You Solve Local Transportation Issues

The Fayetteville Area Metropolitan Planning Organization (FAMPO) is seeking public transportation input by holding walk-in meetings open to all Cumberland, Hoke & Harnett County citizens. The meetings will be August 13 - 15, 2007 at the FAST Transfer Center downtown, the Lake Rim Recreation Center and North Regional Cumberland County Library.

Individuals are invited to drop in and talk one-on-one with FAMPO and Cumberland County planners to discuss their ideas and concerns regarding transportation issues. The current candidate projects for transportation improvement will be available for viewing and volunteers sought for future public input on transportation planning. During these meetings, we will begin to update the FAMPO Public Involvement Plan.

Some potential transportation issues are: area traffic, bicycle and pedestrian facilities, bridges, transit, highway construction, intersections, sidewalks, bike paths, safety improvements, and the transportation needs of the elderly and disabled populations. Any question or issue that arises will be addressed with a letter or email response.

The walk-in meetings will be:
