Subtitle “D” Landfill to Close Wednesday Due to High Winds

FAYETTEVILLE – The Subtitle “D” landfill area of the Ann Street Landfill will be closed to all traffic Wednesday, Feb. 10, because of anticipated winds ranging from 35 to 50 miles per hour. This section of the landfill is for municipal solid waste (garbage) only. The Subtitle “D” area of the landfill is expected to be open on Thursday, weather permitting.

The “C&D” areas and Area 1 for inert debris will be open to all traffic, as well as the recycling center. The Wilkes Road Treatment and Processing facility and any container sites scheduled to be open on Wednesday will be operating.
