## Community Development Schedules Public Forums

**FAYETTEVILLE** – Cumberland County Community Development will hold public forums at various sites in the county to assess the needs of the community and to spotlight topics such as Home Repair Assistance, First-Time Homebuyer Assistance, Fair Housing Issues, and other U.S. Department of Housing and Urban Development funded programs.

If you would like to apply for any of the programs listed above, please stop by one of the public forums listed below to get prequalified. Staff will be available to assist you. Please note that income restrictions may apply. Funding is provided by HUD.

“These meetings are important because they let officials know what the most pressing needs are in our communities and where resources should be targeted,” said Thanena Wilson, Community Development Director. “And, since resources are limited, we want to ensure that those with the greatest needs are assisted.”
