Resident / Contractor Identification

At this time, the Fayetteville Police Department is currently working on establishing an ID Card System to properly identify residents that need to enter the storm damaged areas. Also, ID Cards will be issued to contractors that are moving into these areas as well. The Fayetteville Police Department anticipates for this process to begin later today. Once in operation, citizens and contractors will proceed to the appropriate command post and will be directed to an area to complete the ID Cards. The command posts are currently established at the following locations:

- Reilly Road / Cliffbourne Avenue (across from the Pizza Hut)
- Yadkin Road (parking lot of General Jackson's Military Supply)

Additional information will be released at such time it becomes available.
