Health Department Observes World AIDS Day on Dec. 1 With Walk, Free HIV/AIDS Testing

FAYETTEVILLE, NC – The Cumberland County Department of Public Health will join the Cumberland County HIV/AIDS Task Force and Community Health Interventions and Sickle Cell Agency Inc. to commemorate World AIDS Day on Saturday, Dec. 1, with a walk and free HIV/AIDS testing.

The event will be held at Fayetteville City Hall at 433 Hay Street from 4 to 6 p.m.

“We want everyone to come out and support this campaign because this is the one day everybody across the nation and Cumberland County will have one voice in the fight against HIV and AIDS,” said Phyllis McLymore, a public health education specialist with the Health Department. “This annual event will hopefully draw more awareness about the need for people to get tested.”

The Health Department also offers free testing for HIV/AIDS during regular business hours and on Tuesday evening from 5-7 p.m.

For additional information about the Cumberland County Department of Public Health, please call 910-433-3600 or visit with someone at the information desk. Comments are welcome and can be submitted on our website at www.co.cumberland.nc.us/health/comment_form.aspx. The Health Department is located at 1235 Ramsey St. in Fayetteville
