## **Tuesday Night Meeting Focuses on Mental Health Managed Care Organization**

FAYETTEVILLE, NC – The National Alliance of Mental Illness-Cumberland County will hold an educational meeting on Tuesday, Feb. 5 at 7 p.m. about Alliance Behavioral Healthcare, the managed care organization that now coordinates mental health services in the county. The meeting will be held in the Cumberland County Mental Health Clinic auditorium located at 109 Bradford Ave. in Fayetteville.

The speakers at the meeting will be Alliance Behavior Healthcare Director Ellen Holliman and Consumer Affairs Director Doug Wright.

“This is an excellent opportunity for members of the public to ask questions and further understand how the Managed Care Organization (MCO) will work to meet their mental health needs,” said Cumberland County Mental Health/Local Management Entity Area Director Hank Debnam. “I want to thank Hannah Carroll, President of NAMI-Cumberland and its members for presenting this meeting.”
