Soil and Water Conservation District Has Tree Seedlings For Sale

FAYETTEVILLE – The Cumberland County Soil and Water Conservation District (SWCD) still has tree seedlings available for purchase as part of the District's annual tree seedling sale.

Anyone interested in purchasing tree seedlings should call 910-484-8479, option 3, or email Donna Foster at dfoster@co.cumberland.nc.us. The District office is in the Cumberland County Agriculture Center located at 301 E. Mountain Dr., Suite 229.

Three species of trees are available: Longleaf Pine, Loblolly Pine and Eastern Red Cedar. All three species are evergreen trees native to North Carolina. Seedling prices are as follows:

- Longleaf Pine: \$5 per bundle of 15 seedlings
- Loblolly Pine: \$5 per bundle of 20 seedlings
- Eastern Red Cedar: \$5 per bundle of 5 seedlings.

Trees help prevent erosion of fertile topsoil, beautify property, provide energy-saving shade and provide habitat for birds and other wildlife.

Proceeds from the annual tree seedling sale are used to fund educational projects in the District. For more information about the District, visit co.cumberland.nc.us/soil_water.
