Community Invited To Take Online Farmers Market Survey

FAYETTEVILLE – Cumberland County Cooperative Extension is inviting members of the community to provide feedback in an online survey as part of a feasibility study to determine the most suitable location for a farmers market in Cumberland County.

The survey can be accessed at www.surveymonkey.com/s/8LLL3V6. Responses will provide Cooperative Extension valuable input for the farmers market study. You can also forward the survey to others who might be interested. The survey has 10 questions regarding topics such as location, the kinds of agricultural products in demand and interest from vendors who want to sell their products.

Cooperative Extension received a grant to research the best location or multiple locations for establishing a farmers market.

For more information about the study and Cooperative Extension, call 910-321-6405. The office is located in the Charlie Rose Agri-Expo Center, 301 E. Mountain Dr.
