County Postpones Employee Wellness Fair

FAYETTEVILLE – The Cumberland County Employee Wellness Fair originally set for March 31-April 3 at the Crown Expo Center will be rescheduled for a later date. Employees were notified of the postponement on March 25.

Since the county's wellness accountability program was created in the spring of 2013, several issues have arisen, including changes in federal wellness rules and questions about fasting/non-fasting glucose testing and the fair's scheduling structure.

The county will reschedule a restructured Wellness Fair as soon as possible.
