## **Board of Elections Updating Voter Rolls**

FAYETTEVILLE – The Cumberland County Board of Elections is conducting its biannual voter registration list maintenance. Today, 36,000 cards were mailed to Cumberland County voters who have had no contact with the Board of Elections for the last two federal elections.

Any voter who receives one of these cards will need to update and mail the card back to the Board of Elections before Feb. 5. Any card not returned will result in the voter being designated inactive. All inactive voters must update their information before they may vote in an election.

For more information, contact 910-678-7733.
