## **Groups Invited to Disaster Recovery Meeting on Tuesday**

FAYETTEVILLE, N.C. – The Cumberland Disaster Recovery Coalition is asking community organizations to join them in helping with long-term recovery efforts in Cumberland County following Hurricane Matthew.

Representatives from churches and non-profit organizations are invited to a meeting Tuesday, Nov. 15, at 5:30 p.m. at the Department of Social Services, 1225 Ramsey Street, to discuss unmet needs in the community. The coalition works in collaboration with other organizations to assess the needs, offer resources and ensure that residents are helped after all personal insurance, FEMA assistance and SBA loans have been exhausted.

The coalition was formed as a volunteer long-term recovery group to help with repairs and rebuilding after tornadoes struck in April 2011.
