## **County Redesigns Website to Increase Accessibility**

**FAYETTEVILLE, NC** – Cumberland County launched its redesigned website, [www.co.cumberland.nc.us](http://www.co.cumberland.nc.us), today. Updating the website is part of the county's strategic goal of enhancing communications systems and improving transparency so citizens can readily access information.

Some of the new features include consistent links at the top of the website pages with drop-down menus for easy navigation. From the homepage, citizens can now easily find Board of Commissioners information such as agendas, minutes and videos of meetings. Meetings air live over Time Warner Channel 7 and videos are usually posted the next day following evening meetings and later that afternoon following morning meetings. Agendas and minutes from the commissioners' committee meetings are also linked from the homepage.

Job vacancies are now prominently displayed on the homepage, and the main body of the homepage features frequently requested links under tabs for Tax Info, Human Resources, Planning, Legal Info, Animal Control and more. Links to current county videos on various topics also appear on the homepage under the Cumberland Matters TV heading.
