## **The Re-Store Warehouse Presents City/County E-Waste Drive/Shred Event**

(Fayetteville, N.C.) — The Re-Store Warehouse will offer \$10 off coupons at the E-Waste Drive and Shred Event on Saturday, April 2, from 8 a.m. until noon in the Cumberland County Courthouse parking lot on Gillespie Street. Coupons are good for purchases of \$50 or more at Re-Store, which offers new and used home improvement products. Other partners for the E-Waste Drive and Shred Event include the City of Fayetteville, Cumberland County, Fayetteville Beautiful and Sustainable Sandhills. A Shred Ahead is the paper shredding vendor for the event.

E-waste, or electronic waste, that will be accepted consists of TVs less than 32 inches in size, stereos, computers, printers, lamps, vacuums, radios and small kitchen appliances, to name a few items. If an item has a cord, bring it.

The following rules apply for the Shred Event:

- No three-ring binders and no cardboard boxes will be shredded
- Paper clips are OK to leave on the paper
- No businesses – this will be for residents only
- No limit necessary, according to A-Shred Ahead

Re-Store Warehouse, the regional leader in providing affordable new and used home improvement products, promotes sustainability of our environment and donates 100 percent of all net profits to charities that help the less fortunate in Cumberland County.

“The Re-Store Warehouse is excited to sponsor the upcoming E-Waste Drive and Shred Event,” said Bill McMillan, Re-Store Warehouse Executive Director. “As one of the early leaders in promoting a sustainable environment in Fayetteville, this is a unique opportunity to spread the word on being responsible stewards. By channeling non-renewable resources away from our landfills, their longevity can and will be extended. Plus, to work with the great organizations that put together this event shows that partnerships do work and progress can be made. Fayetteville is a real caring community.”

The Re-Store Warehouse will be setup in the parking lot throughout the event, along with Rock 103, which will be doing live remotes from 9 to 11 a.m.
