## **Transportation Program Holds Community Workshop July 27**

FAYETTEVILLE – The Cumberland County Community Transportation Program in partnership with the N.C. Department of Transportation is holding a community workshop July 27 from 8 a.m. to noon in Conference Room C of the Department of Social Services building, 1225 Ramsey Street.

The forum is being held to gather community feedback to incorporate into the Cumberland County Community Transportation Service Plan. The transportation service plan is completed every five years and reviews, analyzes and recommends strategies for operating and managing CTP's transit services. The plan also aims to find ways to increase efficiency and effectiveness of the CTP and improve mobility and delivery of transit services.

The community workshop is geared toward community members who use or are interested in transportation services in Cumberland County. Attendees will have the opportunity to get information, ask questions and give feedback about transportation services.

Several interactive activities will also be available including a mapping exercise to help participants understand current and potential future travel patterns in Cumberland County, a "Planner for a Day" activity involving mapping and brainstorming and an activity about prioritizing possible improvements to existing transportation services.

For more information about the community workshop or to learn more about the CTP, call 910-678-7624 or visit [www.co.cumberland.nc.us/planning/ctp.aspx](http://www.co.cumberland.nc.us/planning/ctp.aspx).
