Public Library Hours Change July 1

All Cumberland County library locations will have new customer service hours

Cumberland County Public Library & Information Center's eight locations will have new hours beginning July 1. The adjustment is a result of changes made to the county's budget for fiscal year 2018.

“Our library continues to adapt to challenges and opportunities on many levels and the new service hours will serve our citizens during peak times. At the same time, we want to draw attention to services that everyone can access online every hour of every day,” said Library Director Jody Risacher.

Although library hours have changed, library cardholders can conveniently download e-books, audio books, and magazines from anywhere. Job seekers can take advantage of the library's online job center with its weekly listing of job openings and other employment assistance. Students of all ages and job seekers alike can also use Brainfuse, an online learning resource. Brainfuse's "Adult Learning Center" provides résumé review and feedback, GED preparation, a 24-hour writing lab, self-paced learning on Microsoft Office Essentials and much

more. “HelpNow” offers students individual homework tutoring by experts in core subjects such as math, reading, writing, science and social studies. Tutors are on standby from 2 p.m. to midnight.

“More than ever, we want the public to explore their online library,” Risacher said. “It truly is a library without walls.”
